Dear Friends

As an organization we are always hoping for young new talent to enter the kitchen design field, but we need to encourage and promote this involvement. Bill Farnan was an independent manufacturer's representative in NJ who was behind this concept. He saw how his dealers struggled to find qualified salespeople. Bill endeared himself to all he touched and his eagerness to help makes the scholarship fund, that helps young people get involved in the kitchen industry, an honor to his name.

Please come out for a day of golf and fun while helping support the scholarship fund.
